

## ***Frog Racing Night – February 2016***

On a stormy night in February, members of the Lodge, their families and guests kept warm by racing wooden frogs, the spectators attempting to predict the outcome. The event took place at the Westwoods Centre in Northleach and was to raise money for the Lodge's extension fund. The Lodge was most grateful to the Frog Racing Team who undertake such Frog Races on a voluntary basis to help deserving causes raise money.

The evening raised a substantial sum for Lodge extension Fund, and no frogs were hurt in the staging of the event. In addition to the Frog racing team the organisers would like to thank Trish Cook for the catering, Brian at the Westwoods Centre and all those who attended the event.
